Communication

Tools and services are designed to help contractors

- Enhance current acquisition processes
- Create an effective, efficient and strategically driven sourcing/procurement function
- Enable leveraging of the aggregate spend across the enterprise for cost containment

Program = focused, funded approach to facilitate strategic sourcing

Small Business Impact Nationwide

Overall

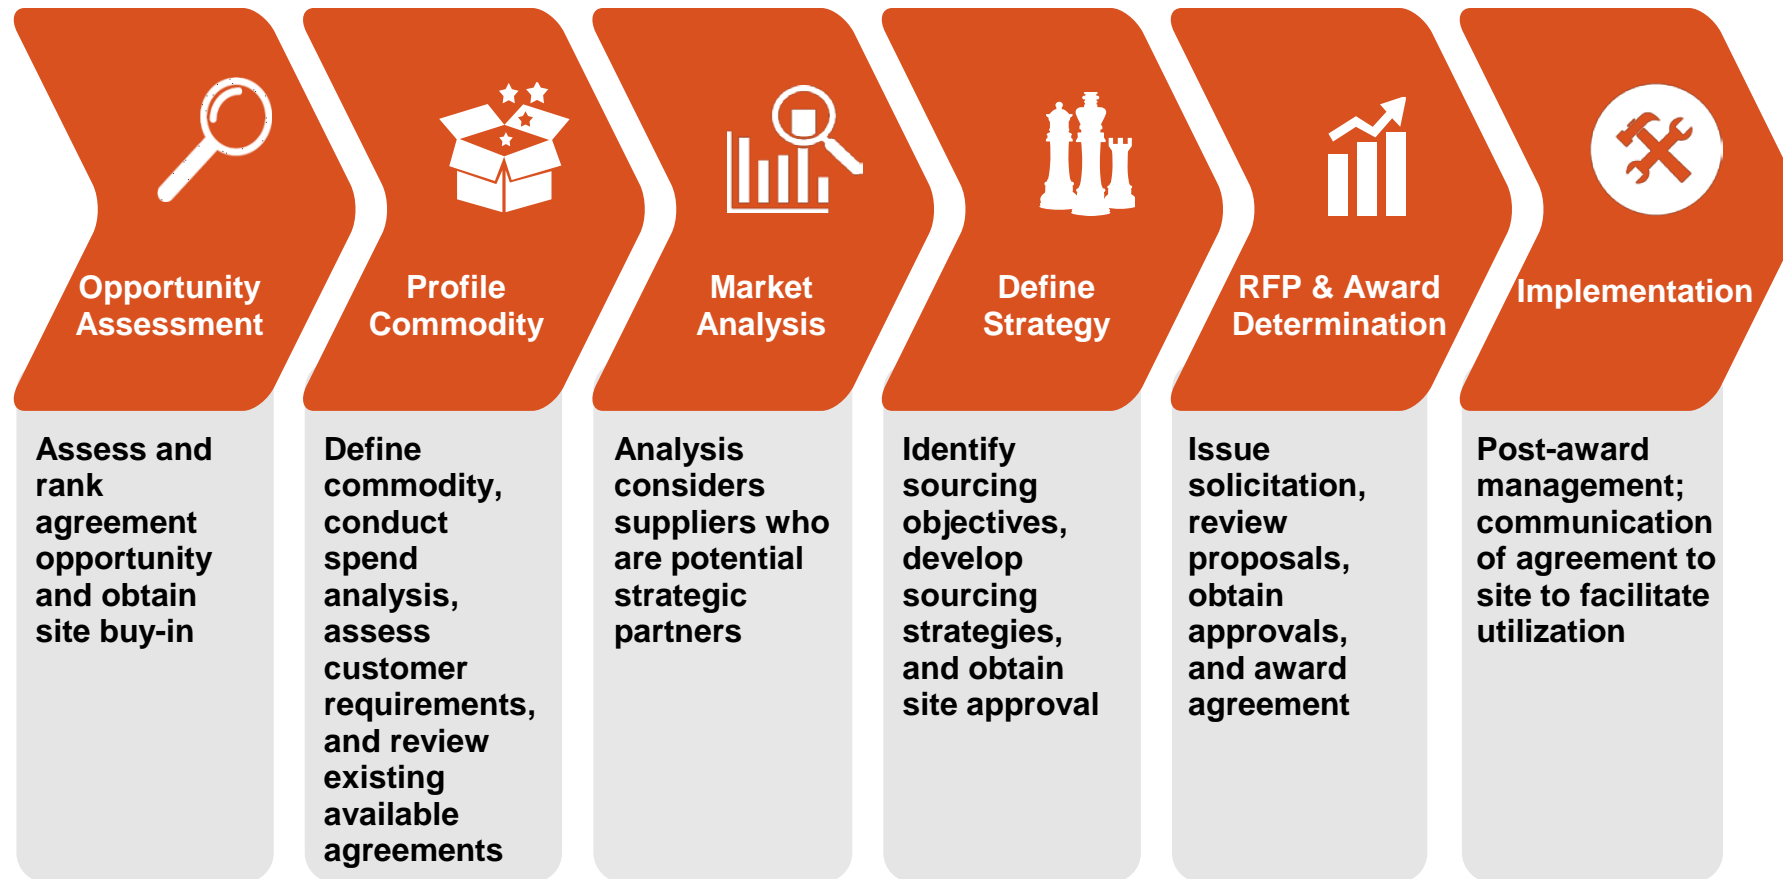

- 21 DOE locations across 12 states
- \$4.2B annual site invoice spend
- 30,000+ enterprise suppliers

Commodity Agreements

- 60 agreements across 25 states
 - 38 small business awards (63%)
- \$400M average SCT annual award value
 - \$338M small business annual award value (68%)

SCMC Strategic Sourcing Process

SCMC follows approved commercial best practice methodologies

Characteristics of a Strategic Partner

NNSA / DOE Experience

Familiarity with NNSA / DOE Contractors' diverse, unique and extensive requirements

Value-Added Services

Ability / staffing for barcoding, JIT, handling extensive customer service needs, etc.

eTool Capability

eSourcing ability, eCatalog capability to meet varying item and interface requirements

Best-in-Class Performance

Superior P.O. execution for quality & delivery; exceptional order history reporting

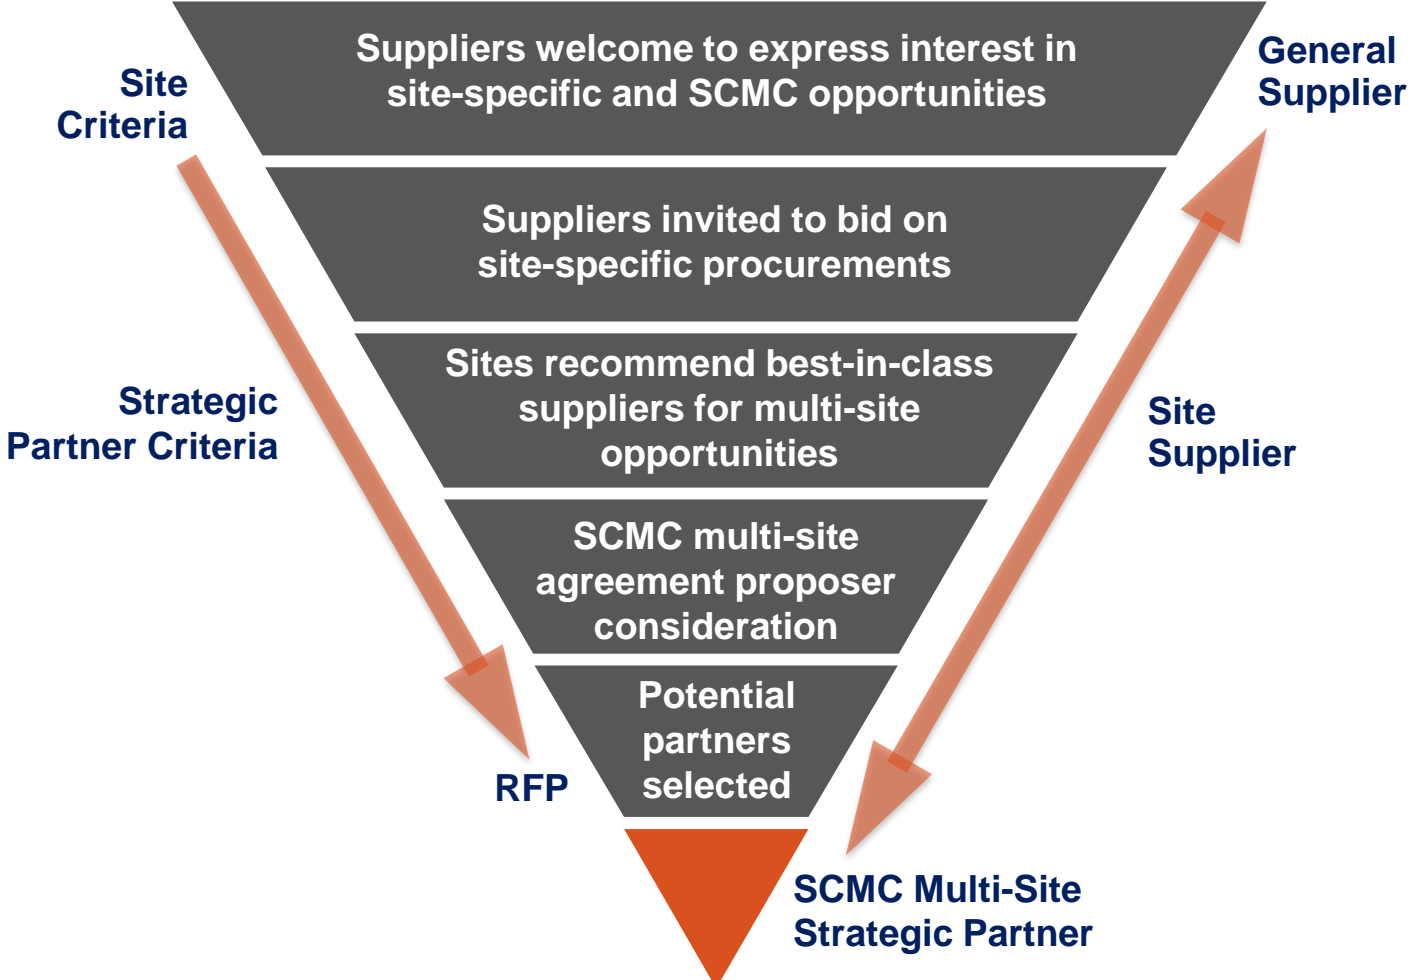

National / Regional Footprint

Regional footprint with expansion capability; strategic alliances / national consortium

Supplier characteristics aligned with agreement requirements

Levels of Small Business Partnership

Suppliers matched to solicitation requirements / needs

A way to be considered for opportunities

Supply Chain Management Center (SCMC)
The Supply Chain Management Center (SCMC) is a service organization managed by Honeywell that works closely with Department of Energy (DOE) contractors to leverage \$4B of annual spend, to yield lower prices and optimize business systems, providing cost savings and value to our customers: the DOE. Our success is attributed to our close working relationships with the contractor accounts, as well our focus on achieving the mission & vision, while measuring performance to established goals.

Our Vision
To add value to the contractor acquisition process, by creating a strategically driven function, leveraging the combined contractor spend dollars across the communities.

What the SCMC is:

- An Enterprise-wide sourcing system leveraging EMI and National Nuclear Security Administration spend
- A structured, dedicated, funded approach to acquisition cost savings
- Commodity teams responsible for data collection, commodity strategy, reporting and delivering savings
- A commercial best practice which

Other Tips for Working with the Enterprise

- Develop a comprehensive capability statement.
 - Identify the NAICS codes and DUNS number that align with your capabilities.
- Register with the System for Award Management (SAM) and FedBizOpps database.
- Identify mentor-protégé and small business programs offered by individual DOE sites and labs
- Participate in the DOE's annual small business conference
- Visit your local OSDBU Procurement Technical Assistance Center
- Visit the SBA's online Government Contracting Classroom

Conclusions

- The SCMC leverages commercial best practices for strategic sourcing, which is different than the Federal Procurement System
- The SCMC supports small businesses and provides an opportunity for business growth
- The SCMC is dedicated to continuously improving its approach and communications
- There are several strategic ways for suppliers to become involved with the SCMC as well as the rest of the NNSA and EM contractor locations
- Visit thescmcgroup.com to register your business

Thank you for your time and attention!
